Description

Romping, playing, running...this is what makes a child's day. Our disana leggings are designed for days like that and to keep the child completely warm. The fine rib knit made of soft merino wool makes the leggings especially flexible and elastic. The comfortable, soft rubber band inside the waistband prevents the leggings from sliding down without limiting the child – maximum mobility above and below.

Special characteristics of our Knitted-leggings

- elastic and stretchable rib knit
- waistband with sewn-in elastic tape
